Working Together

TÜV Rheinland InterTraffic GmbH is an independent, global acting and recognised service company. With high efficiency and reliable on-time delivery we offer you:

- Reproducible deliverables
- Planning of efficient procurement processes
- Neutral consulting and project support

TÜV Rheinland supports you:

- In meeting strategic challenges in your daily business
- In optimising your operations with solutions individually tailored for your needs
- In applying proven tools and methodologies
- In meeting market demands with products that are cost-efficient and ready for implementation

Our services are embedded in our entire portfolio.

You will benefit from our experience with:

- Operators in commuter and regional rail transport / public transport
- Public Transport Authorities (PTAs) and the public sector
- Industry and financiers

We carefully listen to all of your needs before we develop effective solutions, e.g. for market entry and business expansion strategies, for M&A activities, for public transport tenders, for the commissioning of new networks and for optimisations during continuous operation.

Our mission statement is:

Sustainable and profitable design of your contracts and organisation at minimum risks!
